GAP CLOSED BY NEW BUILDING

Eugene Fau Structure Makes Fallowfield Square Solidly Built Up

IS FIRST DOWN TOWN

With the completion of the new Fau building on Fallowfield avenuue between Fifth and Sixth streets every lot on both sides of the street will have been occupied, and it will be the first square in the Charleroi business section to be so lined. With the exception of a church and a home, all are business houses, though apartments are provided over some.

On McKean avenue between Fourth and Fifth street all the property is taken, and virtually occupied. However on the railroad side there is no built-up section unless the passenger and freight depots be included. On Fallowfield avenue between Fourth and Fifth street there remains two vacant lots to be occupied. In time directly on the corner of Fallowfield and Fifth street, it is expected there will be a splendid building erected for Berryman's Department store.

McKean avenue between Fifth and Sixth street is being rapidly built up, and only a comparatively short time will elapse, it is believed until it too is lined on both sides with buildings, chiefly for business purposes.

At Monessen a square in the business section has been built up, but Monessen confines its business section largely to one street, Donner avenue. The same is even more true of Monongahela. One of the things which has caused Charleroi to develop and grow so splendidly is because of its excellently planned down town section.

INNOCENT BYSTANDER ASKING FOR DAMAGES

Trespass action has been started in the court of common pleas at Uniontown by counsel for David Davis against the Automobile club of Fayette county to recover $5,000 damages for injuries alleged to have been sustained by Davis last June 18, at the Turkey's Nest, on the National pike during the hill climbing races, when he was struck by a car driven by J. D. Kerr, of Uniontown. Negligence of the defendants is alleged to have caused the injury.

Insurance Rules Told

Change Made in Parcel Post Affairs by the Postoffice Department

Henceforth when people desire packages for parcel post delivery insured they will have to prepare their own insurance blanks. This is in accordance with a rule recently announced by the postoffice department and applies to Charleroi the same that it does to every other postoffice in the country.

At each postoffice a supply of insurance blanks is kept and may be had for the asking. The sole duty of the individual in preparing these blanks will be to fill out in writing the spaces provided, similar to filling out of application blanks for money orders.

The rule was adopted in order, particularly to save postoffice employees from a heretofore burdensome duty during the holidays.

MINE MULES NOT NOW AVAILABLE

Pittsburg Coal Company Has Small Supply to Draw Upon at Monongahela

In speaking of the chances for resumption of the mines along the river, an employee of the Pittsburg Coal company stated this week that if word came to start the mines, there would be a rush for mules with which to do the work underground. According to his statement there are not enough mules in the valley to operate the mines and with the word for resumption will come the order for the purchase of mules in Louisville, Ky.

When the mines in the Monongahela vicinity were closed early in May all the mules from Bunola, Mongah, Black Diamond, Catsburg mines were taken to the large barn at Black Diamond where they were quartered. At that time there were about 70 mules in the stable. Since that time the company has been drawing on the supply to operate the other mines which are working and at present there are but 25 mules on hand to operate the four mines.

The average life of a mule in the mines is but three years and this means that the company must keep replacing the beasts all the time. But if the word comes to start the mines it is a safe prediction that the mule question will not be too great to surmount and that there will be no excuse to keep the mines closed on account of a scarcity of mules.

COLLEGE PRESIDENT AT BETHANY IS SHOT

Dr. T. E. Cramblett Seriously Wounded by Contractor With Double-Barrelled Shotgun Following Argument Over Bill

Dr. T. E. Cramblett, president of Bethany college, at Bethany, W. Va., was shot and seriously injured Friday afternoon by Howard Woods a contracting plasterer about 30 years of age. The shooting followed a dispute over money which Woods claimed on a contract to plaster a dwelling erected for Dr. Cramblett in the new addition to Bethany.

Dr. Cramblett was in the yard of the completed but unoccupied dwelling when Woods engaged him in conversation. The dispute ended in Dr. Cramblett declaring with vehemence that he owed Woods nothing and ordering him off the premises.

Woods departed and went to the residence of a friend in the neighborhood from whom he borrowed a two-barrelled shotgun on the pretense that he wanted to kill a dog. He hurried back to the scene of his quarrel and stood behind a tree. When Dr. Cramblett appeared about 50 feet away it is alleged he took deliberate aim and fired. The contents of the shell entered one side of the face and neck of Dr. Cramblett who started to run. Woods then coolly fired again, the shot entering Mr. Cramblett's back. This time he fell to the ground unconscious.

Woods took to his heels but was captured by Burgess Wade Pilchard of Bethany and turned over to Constable Gibson, who secured a warrant charging his prisoner with intent to kill and took him to Wellsburg where he was placed in the county jail. Woods offered no resistance.

Dr. Cramblett was picked up by Archie Rodgers, an eye witness of the quarrel and shooting and with the aid of students was carried to the home of Prof. F. R. Gay, where Dr. W. T. Booher of Bethany, attended him.

Prof. W. B. Taylor, vice president of Bethany college stated that Dr. Cramblett's injuries are not as serious as at first feared. He is resting easy and Saturday morning was removed from Prof. Gay's residence to his own home. A heavy overcoat which he wore protected his back and the shots which entered his face, temple, neck and hands have been removed.

Woods refuses to discuss the shooting further than to remark repeatedly "nobody could give him the worst of it." The affair caused intense excitement among the students with whom Dr. Cramblett is extremely popular.

Dr. Cramblett is known in Charleroi where he has visited.

STAMP ACT EXPLAINED PERTAINING TO DEEDS

Relative to the necessity of placing internal revenue stamps in deeds executed since December 1, 1914, and also in the matter of putting on a sufficient number of stamps to cover the actual consideration the following appearing in a Pittsburg paper, is applicable in this county:

"While the special war taxes are being collected, the best policy for principals in real estate transfers is to tell the whole truth about the money involved when they place their deeds on the county records. Neglect to tell the truth now will later on result in a bad title. No matter what the sum figures in the deed it will be necessary to attach one 50-cent stamp for each $500 in value of the property sold, after making deductions for mortgages and other encumbrances.

"The time-honored phrase of "for $1 and other valuable consideration" is valueless. The county recorder is accepting such titles on which there are war stamps. He is not concerned, however, about the consideration stated in the deed. Whether the price given is correct or not, is also not his business. If the deed offered for recording has stamps fixed to it, it is not his business to ascertain whether or not the proper number of stamps has been used. Those who evade the law now, by not affixing the proper stamps, cannot escape in the future if they seek to make a transfer of the property. If through ignorance or an attempt at concealment a deed is recorded under the war stamp act, without the proper stamps affixed, when an attempt to sell that property is made a question of title is certain to be raised. To remove this cloud in the title it will be necessary to not only pay the taxes but to pay the penalty, which is severe in the bargain, before a conveyance can be made. The man offering a deed at the recorder's office, if he has a war stamp on it, will not be quizzed or asked to make affidavit. The recording of a deed improperly stamped is easy, but if the law has not been followed the evasion of the tax now means trouble in the future."

In Allegheny county, Spanish war stamps have to be paid for, as well as a penalty for their not being on a deed before the attorney of a man buy or property would pass title.

Will Preach Here.

Rev. L. B. Wolff, D. D., secretary of Foreign Missions of the Lutheran church will be the speaker at Christ Lutheran church tomorrow evening.

BOY HURT SEVERELY IN FALL ON SIDEWALK

The first accident of the winter season arising from snow occurred Friday evening, when Frank Davis, the son of Harry Davis was injured in a fall. The lad was playing on the sidewalk on Fallowfield avenue when he fell. His knee cap was injured, and upon arising he fainted. In his second fall he struck his head against a hinge of a door and was rendered unconscious.

BUSY MAKING SIDEWALKS SAFE

The safety first idea is being applied to sidewalks in the business section of Charleroi and by a two-fold plan some men in need are being given employment. Cement sidewalks are being roughed so with the coming of snow they will not become dangerous. The work was started last winter toward the end of the season, but lately it has been systemitized and rapid progress is being made.

CONGRESSMAN TEMPLE ACKNOWLEDGES REBATE

Dr. Henry W. Temple of Washington, representative of the Twenty-fourth district of Pennsylvania, has performed an unusual duty as a member of congress. He acknowledged the receipts of a rebate on his contribution to the campaign fund of the Washington party in Beaver county. After his nomination on the Washington party ticket, Dr. Temple made his contribution to the Beaver county committee. At the close of the contest it was found that part of the money had not been expended and the remainder was returned to the contributors pro rata. The amount refunded to Dr. Temple was $48.50.

Two Knifed at Allenport

Freedom With Slashing Instruments Unhealthy to Those in the Way

As the result of a free for all fight at Allenport last Thursday evening one man is nursing a mighty sore ear and hand and another man is wearing a scratch across his abdomen. The man who did the cutting is enjoying his usual liberty, no officer having apprehended him.

It is alleged that Douglas Burchett became quarrelsome after he had taken some sort of stimulant and wielded a knife with the result that he cut his brother Harry across the left ear and left hand. It was necessary to put two stitches in the man's ear. Charles Rice received a slight cut across the abdomen.

Persons living in the locality declare that the county officials should take some action to clean out these so-called underirable citizens. It is stated that it isn't safe for a man or woman to go along the road through certain sections in the vicinity of Allenport.

BROWNSVILLE REBUILDING

Contracts Awarded for Reconstruction of Number of Burned Structures

It will not be long until all signs of the disastrous West Brownsville conflagration will have been obliterated. Debris has been removed and foundations are going up for new buildings. With favorable weather conditions the next few months will find new and costly buildings being reared.

T. J. Lynch is re-building a brick dwelling house and has let the contract to Evans and Fullmer of Charleroi. Store rooms will also be constructed in this structure. The home of James Moffatt will be rebuilt and the Diamond Coal company's store will be re-constructed. The Atwood hotel will again be a reality. J. W. Breckenridge has arranged to build a larger and more commodious structure. A dwelling will be put up for A. R. Smick. Other contracts will be awarded.

P. H. C. AFFAIRS CAUSING INTEREST

Much interest is being manifested in a literary contest that is being carried on between two divisions of the Charleroi Circle No. 303 P. H. C. Friday evening the blues had charge of the program. The circle is also engaged in a membership contest with Alberta circle of Canonsburg. Election of officers will be held the last meeting in December. Mrs. Maud Crockard the local deputy is in Charleroi this week in the interest of the local circle securing new members.

FIRE TRUCK MATTER UP

Street crossings of various North Charleroi streets will be repaired within a short time, as a result of action taken by the council of that borough at a meeting Thursday evening. Other improvements will be made.

The North Charleroi fire department was represented at the meeting and there was a discussion of matters pertaining to the new motor fire truck, which it is proposed to procure. The fire department now has $500 on hand for the truck. It is the plan for the borough and the department to go together in making the purchase then the fire department will equip the vehicle.

Bills were ordered paid in the total sum of $826.37 and the report of Treasurer S. W. Sharpneck was received as follows:

TELEPHONE DEAL AT BURGETTSTOWN

At a meeting of the stockholders of the Burgettstown Farmers' Telephone company, which was held this week in their offices in Burgettstown it was decided to sell all the stock and holdings of the Burgettstown Farmers' Telephone company to the Central District Telephone company. The outstanding stock will all be purchased within the next few days by the Central District Telephone company and the old company will be disrupted before the beginning of the new year.

The outstanding stock of the Burgettstown Telephone company will be sold by the present holders to the Central District for the sum of $25 per share and the holdings will be taken over according to an agreement which has been reached between the companies.

TAMING CHEWING GUM.

"Pass, sells ... This question confronts every confectioner, whose stock includes chewing gum, for chewing gum is held assessable under the Democratic law covering "war tax," says the Washington News.

Absurd though it may seem, the fact remains, nevertheless, that a tax of 4 cents on the dollar's worth is imposed on all chewing gums. Failure of dealers to observe the requirement means a fine of $700 upon conviction.

It is said that some dealers are failing to live up to the full requirements of the law by ignoring that section holding that what is left in broken packages must be stamped in proportion to the four-cent rate. Though it makes a difference of but a few mills in the revenue receipts it is feared the administration is so hard up, while pork barrel demands are so compelling that the most trivial excuse would be seized hungrily upon to add to $500 fine to the pie counter display. Therefore this warning.

WHY NOT?

The Monongahela valley has become noted as a producing center. It has produced coal, steel, glass, shovels, millionaires, baseball men and a governor, among other variously products, and is still in the producing business.

Now a Country club is planned, with golf as one of the incidentals. The proposal is that a few champion golfers be produced. The valley has produced nearly everything else, including a president of the oldest and most substantial professional baseball league, so why not a golf champion?

WAR NOTES

London, Dec. 12.—Of the five Austro-German columns which for some days appeared to be making steady progress in their invasion of Poland three have suffered checks, according to official reports from Russia. The column which was within 15 miles of Warsaw, was repulsed after an energetic offensive and was compelled to retire at some points. The Germans faced the Russian trenches seven times during the two days and were driven back by a murderous fire, it is stated that the Germans lost 2,000 men by their having been made prisoners. It seems that the Servians have been victorious over the Austrians. Up to December 8, the Servians had captured about 25,000 prisoners, 115 guns of all kinds and great quantities of war materials.

Berlin, Dec. 12—The Germans claim to have made progress on both sides of the Argonne forest and in Flanders and to have repulsed French attacks in the Wievre region. Their attacks in Northern Poland are progressing.

Paris, Dec. 12.—According to an official statement a violent attack has been repulsed in the region of Ypres. The French trenches which have been occupied by the Germans have been retaken.

Berlin, Dec. 12.—Rumania has rejected the demand of the Triple Entente that it attack Bulgaria if the latter should prevent Greece from aiding Servia.

London, Dec. 12.—The secretary of the admiralty has received a dispatch from Vice Admiral Sturdee of the British squadron stating that in the fight off the Falkland Islands, the British casualties totaled seven men killed and four wounded. No officers were either killed or wounded.

Berlin, Dec. 12.—The proposal of Pope Benedict for a truce among the warring nations during the Christmas holidays is said to have been declined by Russia. Germany agreed to such a truce should all the other warring nations give this assent.

DOUBLY PROVEN

Charleroi Readers Can No Longer Doubt the Evidence

This Charleroi citizen testified long ago.

Told of quick relief—of undoubted benefit.

The facts are now confirmed.

Such testimony is complete—the evidence conclusive.

It forms convincing proof of merit.

Mrs. Robert Coulter, 520 Third St., Charleroi, Pa., says: "One of the family had the measles when he was five years old, which left him with weak kidneys. The trouble was most distressing at night and there seemed to be an inability to control the kidney secretions. I had often mended and I was induced to get a supply at Piper's Pharmacy. The one who used this remedy was soon benefited and we have hopes of a permanent cure."

Her Hopes Realized.

On January 30, 1914, Mrs. Coulter said: "I willingly confirm the statement I gave praising Doan's Kidney Pills some years ago. Doan's Kidney Pills made a complete cure for one of our family."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Coulter recommends. Foster-Milburn Co., Props., Buffalo, N. Y.

Bank of Charleroi Offers Easy Plan to Provide Money for Christmas

What It Is!

Our purpose in maintaining this department is to afford an easy and sure way for the accumulation of ready money for a definite purpose through the process of a systematic laying aside of a small sum at regular periods. It is designed to promote the habit of thrift among both the young and those of more mature years, by providing an opportunity for depositing in the Bank small sums that are frequently "frittered away." All members of your family can join.
